

Applicant: Petteri Lannes et al.
App. No.: 10/598,392
Second preliminary amendment filed January 18, 2007

In the Specification

Please amend the title to read:

Method and System[[s]] in the Maintenance of Machines, Processes, Automation
Systems and Equipment Relating to Papermaking

Please amend ¶ 0050 as follows:

[0050] The maintenance system according to the invention is preferably arranged as a ~~spatial~~ stateful system. The system hereby functions in such a way that it ensures that all messages will reach their destination and all defined stages will be carried out.

Please delete ¶ 0057

~~[0057] The invention was described in the foregoing by referring only to some advantageous embodiments of the invention, but the intention is not to restrict the invention narrowly in any way to the details of those embodiments. Many modifications and versions are possible within the scope of the inventive idea defined in the following claims.~~
